

For Full Bleed (Printed right to the edge) A5 make sure to have...

-At least 3mm bleed all around(shown in Magenta), Making the total page size 154mm x 111mm. This will then be cut to 148mm x 105mm

-Your text within the 'Text Safe Area' shown here in white. This is best to be at least 5mm in from A4 edges (Shown in Cyan).

PLEASE NOTE: *If these conditions are not met we will proceed with printing by reducing your file 97% and printing with a white (possible slightly uneven) border.*

If you are committed to Full Bleed and are having trouble setting it the file up correctly, we can help with file preparation for a small fee. Please email orders@quickcheapprint.co.nz for more info.
